

# Grow Your Business, Not Your To-Do List.

Attention IT managers: Let **Vonage® Support PLUS powered by Solutio™** handle your employee technology needs while you focus on what really matters. Specifically designed for small and medium businesses, the service makes it easy for your employees to contact U.S.-based tech experts in seconds and have issues resolved quickly, whether they are working from the office, out in the field, or at home.

Here's an example of how we can help:

Meet Jim, the IT manager for a real estate firm. He's an IT rock star because he has time to focus on more important tasks that will help grow the business while he lets Vonage Support PLUS handle the rest.

Jim is taking care of the important stuff...

- ✓ Optimize our website platform.
- ✓ Roll out important updates and maintenance.
- ✓ Purchase new cloud inventory software.

IT Manager

...while  
**Vonage  
Support PLUS**  
takes care of  
his employee  
tech needs,  
no matter  
where they  
work.

We need help  
connecting our laptops  
to the office printer.

I have a question  
about zipping a file  
and sending it.

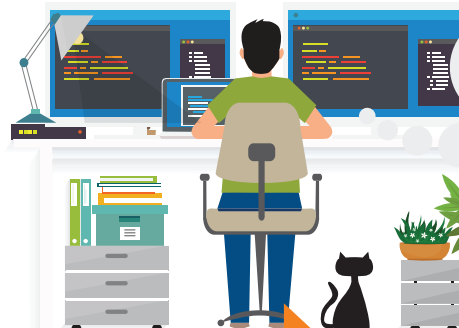

Main Office

Can you help  
me download  
the Dropbox  
app and set  
up a shared  
folder?  
I am also  
having trouble  
connecting to  
WiFi so I can  
send a contract.

Job Site

I have a question  
about Office 365  
and need help  
setting up dual  
monitors with  
my laptop.
